

LED Track LIGHT DATA SHEET PRODUCTS

Model

LC series LED track light

Technical description

Adjustable multi-function spot track light LED, comply with Zhaga standard, Bridgelux CHIP+PH Module, 4000LM, LOR > 70%, integrative die-casting Aluminum heat sink that provide good environment for the chip, the multi-function design satisfy with any option demand, the head horizontal rotation 355° & vertical each 90°, polycarbonate adaptor for 3-phase track or single track, 3 angles reflector for client choice (10d & 24d & 45d)

Installation:

Lighting source:

Type: Bridgelux Chip LED

CIR: 80

Wattage: 40W 4000lm

PF: 0.8

Day light color 4000K

Beam Angle: 45°

Color:

Black

Technical Characteristics:

Protection Degree: IP20

Complies with EN605981 and pertinent regulations

Insulation Degree: Class I

Complies with EN605981 and pertinent regulations

Quality Seal:

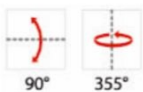

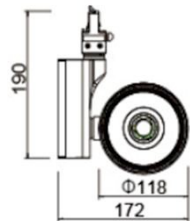

F-mark

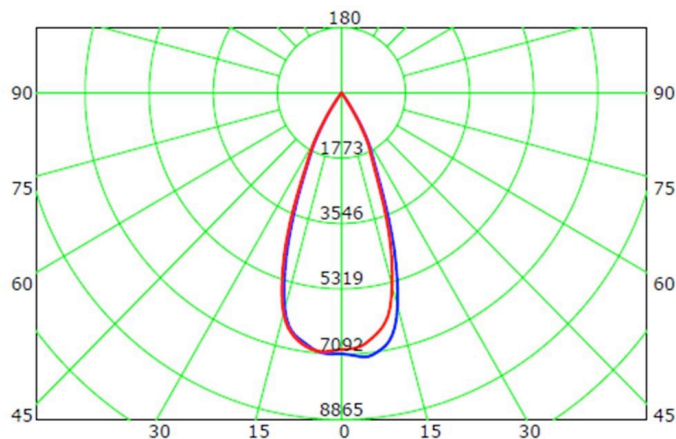

Indoor

European seal

Light Distribution Curve:

Flux Out: 3620.30lm
